

Interventions Management

Learning support for post day 1

The learning highlighted in **purple** reflects the mandatory learning that must be refreshed every three years; if you are up to date with this learning there is no need to re-complete.

The learning highlighted in **blue** will be available through your local team. You will receive further guidance on how to access this learning in June.

Prior learning will be recognised and if you have come from a CRC your training record will be transferred; you won't need to re-complete learning that can be evidenced through your training record.
