

Learning and Development Checklist

Senior Probation Officer – Learning support for post day 1

With the exception of SEEDS 2, the learning outlined in this checklist will be available digitally via MyLearning in the form of videos, guidance and eLearning so you can access the learning when you need it and apply it on the job. For this reason, we recommend that you don't start this learning until after 23 June 2021.

Regional L&D plans that outline the timelines for completing the learning are being developed and will be shared with you in June. The learning highlighted in **purple** reflects the mandatory learning that must be refreshed every three years; if you are up to date with this learning there is no need to re-complete.

Prior learning will be recognised and if you have come from a CRC your current training record will be transferred; you won't need to re-complete learning that can be evidenced through your training record.
