

# PSR pilot Oral report screening tool.

For use in PSR pilot courts only

---

## PSR pilot Oral report screening tool.

This tool is to enable PSR writers to screen report requests from the three cohort groups of Women, and under 25 and those at risk of custody.

This criteria list be will smaller than the complexity issues assessed when oral reports are produced in non-pilot courts. **Please see Pre-Sentence Reports: Interim Guidance on Report Format Feb 2019.**

In order to determine if cases are suitable for oral reports in PSR Pilot Courts please check the complexity levels listed below;

<b>Q1 SAFEGUARDING</b>	
Any child or adult Safeguarding concerns?	Please select
<b>Q2 TRAUMA</b>	
Evidence of past trauma connected to current offending behaviour?	Please select
<b>Q3 DOMESTIC ABUSE</b>	
Evidence to suggest previous victim or perpetrator of DV?	Please select
<b>Q4 MENTAL HEALTH</b>	
Evidence of mental health issues connected to current offending behaviour?	Please select
<b>Q5 MATURITY</b>	
Is an adjournment required in order to conduct a more detailed maturity assessment?	Please select
<b>Q6 CUSTODY</b>	
Impact of custody on children and/or undermining protective factors from immediate custodial sentence?	Please select

If **No** is answered to above questions, then safe to proceed to oral reports delivery for Cohort cases.
